Dear Dr. Jones:

Our records reflect that on August 16, 1996, your California medical license was revoked, stayed and placed on three years probation with terms and conditions. Since you are not practicing medicine in California, your probation was tolled.

On August 31, 1997, your California medical license expired, has not been renewed, and is currently in a delinquent license status. It appears you may no longer be interested in maintaining California licensure, therefore, the Board would like to extend this offer: In order to terminate your probation in an efficient and cost effective manner, you may surrender your license without paying renewal, delinquent or penalty fees by simply signing both copies of this letter and having it witnessed (page 2). One original copy of this agreement should be returned to my attention within fifteen (15) days from the date of this letter. Once we receive the signed agreement and your original wall and wallet Physician and Surgeon Certificates for cancellation, we will close the probation file. A license surrender will be disclosed to the public, the National Practitioner Data Bank, and the Federation of State Medical Boards (as was your current probationary order).

If you wish to maintain your California licensure, you must submit a license renewal application, along with the required payment of the renewal fee, and any delinquent and penalty fees due. You may contact the Medical Board of California, Licensing Program at (916) 263-2571, for assistance in obtaining a license renewal application and to provide you with a breakdown of fees due.

Unless otherwise specified in your probationary order, you also have the option to petition the Board for early termination of probation if two years have elapsed from the effective date of your California disciplinary action. A petition for early termination of probation will require your attendance at an administrative hearing held in California. If you require a petition for penalty relief, please contact the Discipline Coordination Unit at (916) 263-2520.

If I can be of assistance, please advise.

Sincerely,
